Re: Notice of Ex Parte, Docket No. PS 06-229

Dear Ms. Dortch:

Pursuant to 47 C.F.R. § 1.1200, et seq., Harris Corporation ("Harris") provided members of the Federal Communications Commission ("Commission") with following ex parte presentation in the above-referenced proceeding. On October 15, 2010, on behalf of Harris, Dennis Martinez, John Vaughan, JoAnne Dalton, and Tania Hanna met with members of the Commission's Public Safety and Homeland Security Bureau, Office of Engineering and Technology, and Wireless Telecommunications Bureau who are cc'd below. During the meeting, Harris provided a presentation outlining their views regarding the 700 MHz Public Safety Broadband Network. Discussion focused on Harris' recommendations for the core network architecture and governance structure and how each of these elements relates to the 700 MHz broadband licensing activity. Discussion slides that were provided at the meeting are attached.

Respectfully,

/s/

JoAnne Dalton
